No responsibility, obligation or liability whatsoever, whether arising in tort, contract or otherwise, is or will be accepted by the Company or any of its respective Representatives or any other person for any loss, cost or damage howsoever arising from any use of this document, or for information or opinions or for any errors, omissions or misstatements contained therein or otherwise arising in connection therewith.

This document is subject to updating, revision, amendment, verification, correction, completion and change without notice. In providing access to this document, none of the Company or any of their respective Representatives or any other person undertakes any obligation to provide the attendee or recipient with access to any additional information or to update this document or to correct any inaccuracies in this document, including any financial data or forward-looking statements. This document should be considered in the context of the circumstances prevailing at the time and has not been, and will not be, updated to reflect material developments which may occur after the date thereof.

This document may constitute or include forward-looking statements. Forward-looking statements are statements that are not historical facts and may be identified by words such as "plans", "targets", "aims", "believes", "expects", "anticipates", "intends", "estimates", "will", "may", "continues", "should" and similar expressions. These forward-looking statements reflect, at the time made, the Company's beliefs, intentions and current targets/aims concerning, among other things, the Company's or the Group's results of operations, financial condition, liquidity, prospects, growth and strategies. Forward-looking statements include statements regarding: objectives, goals, strategies, outlook and growth prospects; future plans, events or performance and potential for future growth; liquidity, capital resources and capital expenditures; economic outlook and industry trends; developments of the Company's or any other member of the Group's competitors. Forward-looking statements involve risks and uncertainties

because they relate to events and depend on circumstances that may or may not occur in the future. The forward-looking statements in this document are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, management's examination of historical operating trends, data contained in the Company's records (and those of other members of the Group) and other data available from third parties. Although the Company believes that these assumptions were reasonable when made, these assumptions are inherently subject to significant known and unknown risks, uncertainties, contingencies and other important factors which are difficult or impossible to predict and are beyond its control. Forwardlooking statements are not guarantees of future performance and such risks, uncertainties, contingencies and other important factors could cause the actual outcomes and the results of operations, financial condition and liquidity of the Company and other members of the Group or the industry to differ materially from those results expressed or implied in this document by such forward-looking statements. No representation or warranty is made that any of these forward-looking statements or forecasts will come to pass or that any forecast result will be achieved. Undue influence should not be given to, and no reliance should be placed on, any forward-looking statement. No statement in this document is intended to be nor may be construed as a profit forecast.

To the extent available, the industry, market and competitive position data contained in this document come from official or third party sources. Third party industry publications, studies and surveys generally state that the data contained therein have been obtained from sources believed to be reliable, but that there is no guarantee of the accuracy or completeness of such data. While the Company believes that each of these publications, studies and surveys has been prepared by a reputable source, none of the Company or any of its Representatives has independently verified the data contained therein. In addition, certain of the industry, market and competitive position data contained in this document come from the Company's own internal research and estimates based on the knowledge and experience of the Company's management in the markets in which the Company and the other members of the Group operate. While the Company believes that such research and estimates are reasonable, they, and their underlying methodology and assumptions, have not been verified by any independent source for accuracy or completeness and are subject to change and correction without notice. Accordingly, reliance should not be placed on any of the industry, market or competitive position data contained in this document.

Some of the Company's historical financial data for the periods following 1 January 2019 are presented herein under IAS 17 standard in addition to being presented under IFRS 16 standard, the lease standard under the IFRS that the Company started applying beginning on 1 January 2019. Presentation herein under IAS 17 for the periods following 1 January 2019 is primarily due to the fact that the Company believes that the investment community continues to focus on IAS 17 in analysing performance of retail companies. The results of the Company's operations presented under IAS 17 following 1 January 2019, however, are shown only for illustrative purposes. You should note that

the results of the Company's operations presented under IAS 17 after 1 January 2019 have not been audited or reviewed by the Company's independent auditors. In addition, the Company reserves the right to change its approach to presentation of its results of operations going forward. Therefore, you are strongly cautioned not to rely on the results of the Company's operations presented under IAS 17.

Furthermore, certain companies mentioned in this presentation, report under generally accepted accounting principles in the United States ("U.S. GAAP") or other local accounting standards. IFRS differ in certain significant respects from U.S. GAAP and such local accounting standards. Therefore, financial measures of such companies presented herein on the basis of such accounting principles and standards could be significantly different were such companies to report under IFRS. You should, therefore, consult your own advisors for an understanding of the differences between IFRS and other accounting principles, including U.S. GAAP, and how these differences might affect the financial information herein. Furthermore, certain financial measures presented herein (including EBITDA and ROIC) are unaudited supplementary measures of the Company's performance that are not required by, or presented in accordance with, IFRS, including financial measures for the periods after 1 January 2019 presented under IAS 17. The Company's use and definition of these metrics may vary from other companies in the Company's industry due to differences in accounting policies or differences in the calculation methodology as different companies use such measures for differing purposes that reflect the circumstances of those companies. These non-IFRS measures have limitations and should not be considered in isolation, or as substitutes, for financial information as reported under IFRS. Accordingly, undue reliance should not be placed on these non-IFRS measures presented herein.

The existing listing of the Company's GDRs on the Astana International Exchange (AIX) under the symbol "FIXP.Y" is expected to continue. Astana International Exchange will remain the primary listing venue for the Company's GDRs.

EFFICIENT PROPERTY MANAGEMENT FRAMEWORK

KEY REAL ESTATE STRATEGY HIGHLIGHTS⁽¹⁾

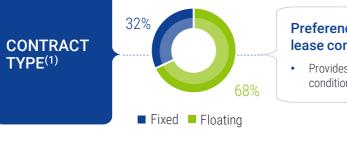

\checkmark

 \checkmark

Highly automated store roll-out and property management procedures help streamline store opening process and get the best lease rates and improve them over time

Fix Price proactively negotiates with property owners and sometimes closes stores if negotiations fail (even if stores are cash EBITDA⁽²⁾ positive – usually reopening a new store in a close proximity)

Preference to floating rate lease contracts

• Provides flexibility in changing market conditions

Focus on short-term leases

- Short-term contracts \rightarrow higher operational flexibility
- Ability to respond to changing market environment
- Creates negotiating leverage for lease renewals

COMMENTS ON QUARTERLY DYNAMICS

- In Q4 2024, LFL sales rose by 2.3%, while the LFL average ticket increased by 4.1%, and LFL traffic improved to -1.8%
- LFL sales at Russian Company-operated stores grew by 1.9% y-o-y. Thanks to an extended assortment proposition and products' gradual shift between price points, traffic improved and LFL average ticket performance was strong at stores in Belarus in both rouble and national currency terms, with the latter being less pronounced due to the depreciation of the rouble

• In Kazakhstan, stores made a positive contribution to the overall LFL sales growth, driven mainly by LFL traffic growth, while average ticket performance was constrained by tighter economic conditions

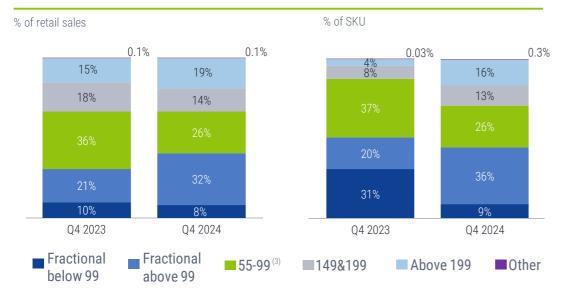

Source: Company information; LFL data as per Management Accounts

Notes: 1 Like for like (LFL) sales, average ticket and number of tickets are calculated based on the results of stores operated by Fix Price and that were open for at least 12 full calendar months preceding the reporting date. LFL sales and average ticket are calculated based on retail sales including VAT. LFL numbers exclude stores that were temporarily closed for seven or more consecutive days during the reporting and/ or comparable period; 2 Stacked LFL is calculated according to the following formula: (1+LFL Q)*(1+LFL Q-1)-1, where LFL Q is current quarter LFL sales growth and LFL Q-1 is LFL sales growth for the same quarter of previous year

COMMENTS

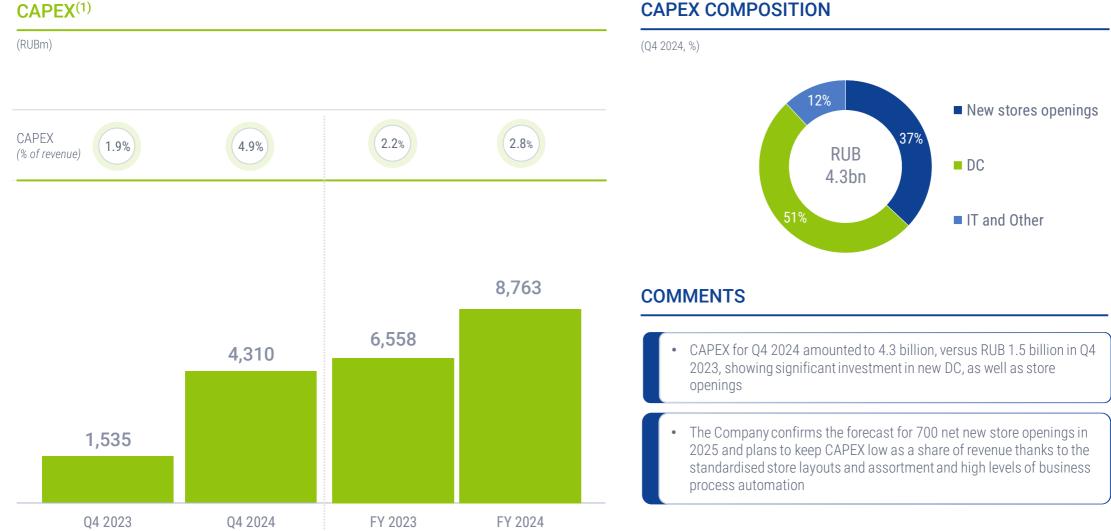

- SG&A costs (excl. LTIP⁽²⁾ and D&A expenses) , decreased by 129 bps y-o-y to 14.7% of revenue, mainly attributable to the decrease in the share of staff costs, bank charges, security services and advertising costs
- Staff costs excluding LTIP⁽²⁾ saw an 83 bps decrease y-o-y to 10.8% of revenue, driven by Company's efforts to optimise expenses. Accruals reversal for LTIP expense amounted to RUB 174 million in Q4 2024
- Rental expense (under IFRS 16) remained stable y-o-y at 0.7% of revenue (0.8% of retail revenue). Rental expense increase in absolute terms was compensated by slower pace of revenue growth

ROBUST INVENTORY DAYS AND DAYS PAYABLE LEVELS

Inventory days⁽³⁾ (days) and Days payable⁽⁴⁾ (days)

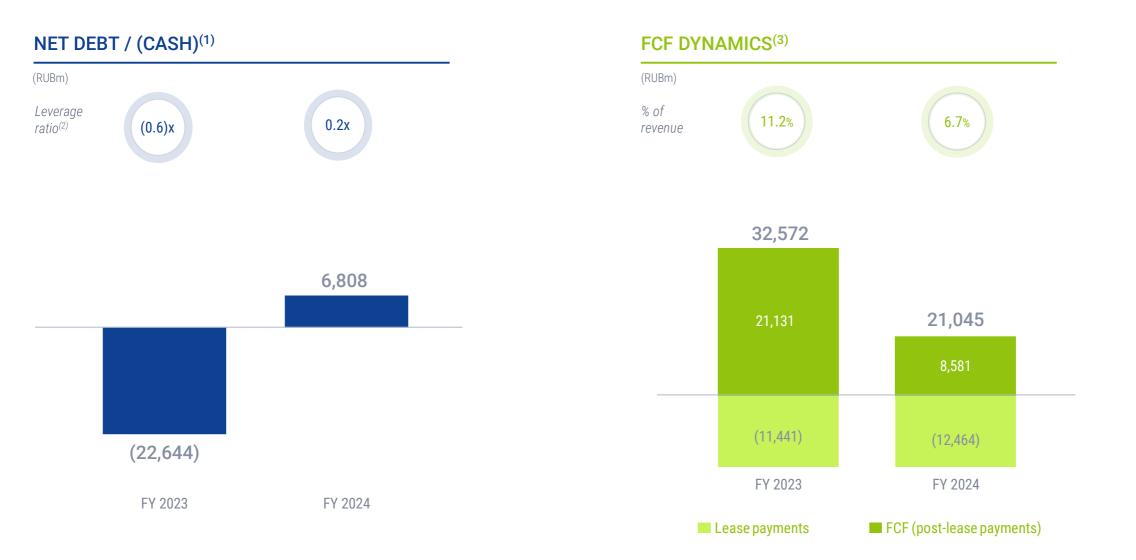

COMMENTS

Net trade working capital⁽¹⁾ reached RUB 22.3 billion (7.1% of revenue) as of 31 December 2024 compared to RUB 14.5 billion (5.0% of revenue) as of 31 December 2023, mostly due to increased inventory level, since the Company continues ordering products in advance in the supply chain uncertainty conditions.
